

2023 – 2024
STEM CELL
SEMINAR LECTURE SERIES

**Jeremy Rich, MD, MHS,
MBA**

University of Pittsburgh

Professor of Neurology
Deputy Director, Research
UPMC Hillman Cancer Center

“Killing Cancer Stem Cells”

Gross Hall Thorp Conference Center

October 27, 2023 || 11 AM to NOON

2023 – 2024

STEM CELL SEMINAR LECTURE SERIES

Utpal Banerjee, Ph.D.

University of California, Los Angeles

*Distinguished Professor, Molecular,
Cell and Developmental Biology &
Biological Chemistry*

*Co-Director, Broad Stem Cell
Research*

***“Developmental Metabolism of the
Mouse Embryo”***

**Gross Hall Thorp Conference Center
November 3, 2023 || 11 AM to NOON**

2023 – 2024

STEM CELL

SEMINAR LECTURE SERIES

Kenneth S. Kosik, MD

*University of California,
Santa Barbara*

Harriman Professor of Neuroscience
Molecular, Cellular, and Developmental
Biology

***“Brain Organoids for Physiology
Inferences”***

**Gross Hall Thorp Conference Center
December 1, 2023 || 11 AM to NOON**

2023 – 2024
STEM CELL
SEMINAR LECTURE SERIES

Naiara Akizu, PhD

*Children's Hospital of
Philadelphia (CHOP)*

Researcher
Assistant Professor of Pathology and
Laboratory Medicine

***“Genetic and Epigenetic of Neural
Development and Disease”***

**Gross Hall Thorp Conference Center
February 2, 2024 || 11 AM to NOON**

2023 – 2024

STEM CELL SEMINAR LECTURE SERIES

Andrew Brack, PhD

University of California, San Francisco
Professor, Orthopaedic Surgery
Eli and Edythe Broad Center of
Regeneration Medicine and Stem Cell
Research
Co-Founder, Arrive Bio

***“Skeletal Muscle Stem Cell Resilience
and Rejuvenation During Aging”***

**Gross Hall Thorp Conference Center
March 1, 2024 || 11 AM to NOON**

2023 – 2024
STEM CELL
SEMINAR LECTURE SERIES

Alea Mills, PhD

Cold Spring Harbor Laboratory

Professor
Cancer Center Member

***“Epigenetic Re-establishment of Tumor
Suppression in Glioblastoma”***

Gross Hall Thorp Conference Center

April 5, 2024 || 11 AM to NOON

2023 – 2024

STEM CELL SEMINAR LECTURE SERIES

Lili Yang, PhD

University of California, Los Angeles
Professor

Department of Microbiology,
Immunology & Molecular Genetics
Eli & Edythe Broad Center of
Regeneration Medicine and Stem Cell
Research

***“Advancing Cell-Based Cancer
immunotherapy Through Stem Cell
Engineering”***

**Gross Hall Thorp Conference Center
May 3, 2024 || 11 AM to NOON**

Gross Hall: A CIRM Institute | stemcell.uci.edu
