

Dr. Tayloria Adams wins Woman of Excellence Award

SCRC SPOTLIGHT

We are proud to announce that Dr. Tayloria N.G. Adams of the Department of Chemical and Biomolecular Engineering and the Sue & Bill Gross Stem Cell Research Center has won the Woman of Excellence Award from the Faculty Women of Color in the Academy (FWCA) for 2024! The award was presented at the annual FWCA conference on April 13th in Arlington, VA. Photos from the award ceremony are attached.

This national award recognizes women of color with budding careers in higher education who are engaged members of their campuses and communities. Awardees are acclaimed for having a history of advancing the development of women of color as they pursue education and prepare for careers in the academy and beyond. FWCA provides unique educational and professional opportunities for indigenous women and women of color in higher education to network, engage, and learn with colleagues from around the country.

The Woman of Excellence Award recognizes Dr. Adams' exceptional contributions, unwavering dedication, and remarkable achievements throughout her career. Her impact on advancing the development of women of color in science disciplines has been truly profound, and this recognition is richly deserved.

The UCI Stem Cell Research Center is excited for Dr. Adams and is committed to supporting our aspiring faculty with nominations for local, state and national recognition.
